

Now hiring! City Planner

Responsible for directing and administering the current and long range planning and development activities for the City of Sturgis as well as for the administration of the city's zoning ordinance, subdivision regulations, and comprehensive plan. Serve as the "one stop shop" for developers, businesses, and residents as they bring forward development and improvement projects. Responsible for coordinating the City's comprehensive master planning, neighborhood planning, and residential and non-residential growth analysis and projections as well as land use plan amendments. Researches and recommends zoning changes, variances, use-on-reviews, special exceptions, platting and subdivisions. Primary point of contact for the MS4 program

- Four year degree in Urban Planning, Geography, Political Science, Public Administration, or related field
 - o Masters degree in Urban Planning or Public Administration (preferred)
 - o Work experience in lieu of education may be considered
- Five years' experience in City planning
- Prior work history in the fields of zoning and subdivision ordinances, planning processes, and/or long range or current planning

- Experience with GIS systems and ability to navigate layers and parcel info (*preferred*)

Hourly wage: \$23.00 to \$26.00 depending on qualifications and prior work experience. Non-exempt position, eligible for overtime. Overtime opportunities are limited.

Monday through Thursday work schedule.

City benefits include medical, dental, and life insurances as well as participation in the South Dakota Retirement System.
