Sturgis ANNUAL BUDGET

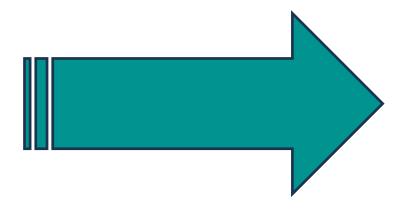

FISCAL YEAR 2025

Our Mission:
To provide an attractive, growing community being served by a professional staff that offers reliable, quality municipal services.

Budget Overview

City of Sturgis 2025 Budget Presentation

I am pleased to present the City of Sturgis 2025 budget, developed with a focus on financial prudence, sustainability, and the continued delivery of essential services. This budget reflects our commitment to balancing fiscal responsibility with the needs of our community.

Revenue Reconciliation

Due to unresolved revenue reconciliations from 2024, this budget was created without applying cash reserves. Our 3rd-party CPA contractor is finalizing the reconciliation process, which will provide greater clarity on the City's cash position for each fund. In the meantime, the budget reflects a balanced approach, achieved through careful collaboration with all departments.

Balancing the Budget Without Service Cuts

Every department worked to identify adjustments that maintained critical services while aligning with financial realities. Unfortunately, this process required difficult decisions, including staff reductions and reassignments in the Legal, Rally & Events, and Engineering departments. These changes result in a net reduction of five full-time equivalent (FTE) positions compared to the 2024 budget.

These decisions were not made lightly. We deeply appreciate the dedication and contributions of the staff members whose positions are no longer part of the City's structure. Their work has made a lasting impact on our community, and we are grateful for their service.

To ensure continuity in these vital functions, contractors will now handle legal and engineering work. For Rally & Events, we have restructured operations to rely more heavily on existing partners, enabling continued success while leveraging external support to fill operational gaps.

The budget package also includes an **updated organizational chart**, providing a clear overview of the City's current structure. This resource reflects the adjustments made during the budget process and serves as a valuable tool for understanding staffing realignments, departmental chain of command, and creating a more resilient operational structure.

Capital Improvement Projects

Another significant aspect of this year's budget is the absence of new funding for capital improvement projects (CIP). While the City Council has previously identified and approved critical projects through the Capital Improvement Plan, this budget defers their implementation in 2025.

This decision was made to focus on stabilizing operational finances, building adequate reserves, and addressing ongoing fiscal challenges. While capital projects are vital to the City's long-term growth and infrastructure, the temporary postponement allows us to ensure current resources are directed toward maintaining essential services and preparing for future opportunities. We recognize the importance of these projects and remain committed to revisiting them as financial conditions improve.

Support for Staff and Community

The 2025 budget demonstrates a commitment to supporting the City's workforce and ensuring our compensation structures are both fair and competitive.

First, all employees will receive a 3% cost-of-living adjustment (COLA), recognizing the financial pressures faced by our workforce. Additionally, the City will fully absorb the 9% increase in health insurance premiums for 2025, helping to alleviate the burden on employees and their families.

Second, the HR budget includes funding for a professional wage and compensation study. This study will evaluate the City's total compensation package—wages, benefits, and other incentives—against regional benchmarks to ensure we remain competitive in attracting and retaining high-quality talent. By addressing disparities and aligning with market standards, this initiative will position the City as a desirable employer in the region.

Building Reserves and Supporting Growth

A key priority in this budget is strengthening the City's financial reserves. To achieve this, the budget incorporates the state's maximum allowable property tax increase of 3%, as well as a 3% increase for residential utility services and a 5% increase for commercial services. These adjustments will bolster the General Fund and utility contingency reserves, ensuring financial stability for the future.

The Sturgis Economic Development Corporation (SEDC) remains a valued partner. While some adjustments have been made, the SEDC will continue advancing longstanding goals and contribute to new initiatives, including developing processes for new developments and preparing for the forthcoming Comprehensive Plan update.

A Forward-Looking Approach

This budget positions Sturgis for a stronger financial future. Every decision was made with the intent of safeguarding essential services, supporting employees, and preparing for the challenges and opportunities ahead. While the choices were difficult, they reflect our commitment to the community's long-term success.

Although this budget does not include new capital improvement projects, we remain steadfast in our commitment to infrastructure and development. Once we achieve greater financial stability, these projects will once again become a priority.

Thank you to City staff, partners, and residents for your dedication and understanding throughout this process. Together, we will continue building a vibrant, resilient Sturgis.

Your time, attention, and commitment to the City's future are greatly appreciated. Together, we will continue to build a thriving Sturgis.

Kevin Forrester

Acting Mayor, City of Sturgis

Budget Overview and Process

The City of Sturgis adopts a budget on an annual basis to set the strategic direction for the upcoming year. Beyond the dollars and cents discussed in the 2025 Budget, the budget serves as a policy tool, operations guide, financial plan, and communications device.

Policy Document

As a policy document, the 2025 Budget demonstrates service delivery and programs for the upcoming year. The budget follows the city's Title 7 City Government Ordinance. The budget must provide a complete financial plan of all city funds and activities for the ensuing fiscal year and, except as required by law, must be in such form as the mayor deems appropriate or the City Council requires.

Operations Guide

The 2025 Budget provides the funding level by department, down to the line-item detail. Budget narratives and corresponding financial information for each department show the focus of the department, funding history, and upcoming projects and goals.

Financial Plan

As a financial plan, the budget gives the reader a history of the expenditures by department, revenue trends, changes, and challenges.

Communications Device

The most important role of the 2025 Budget is to provide the reader with an understanding of the City's revenue, expenditures, strategic priorities, and overall direction.

Explanation of the Budget Process

While the administration and implementation of the budget process occurs on a continuous basis, budget preparation generally takes place over a six (6) month period from April through September. A change in South Dakota law effective in 2021 allows municipalities to approve the appropriations ordinance by the end of the fiscal year, rather than by October 1, as was the previous deadline.

This year's budget process was challenging given that the mayor resigned mid-budgeting.

The Acting Mayor and council worked with staff to create a balanced budget. Each department was given an opportunity to speak with the city's Legal & Finance Committee concerning needs and priorities. Those departments each appeared at a full city council meeting to discuss their budgets in an open session.

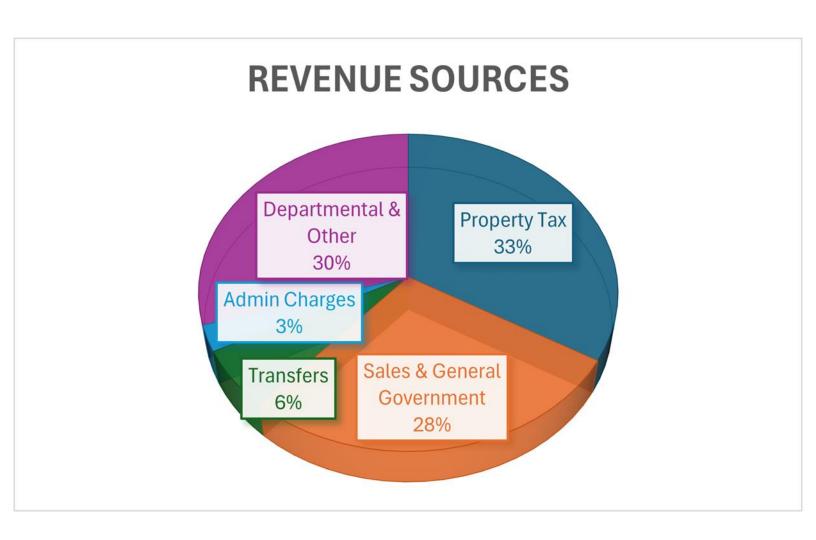

Dec. 2: First Reading of the 2025 Budget

Dec. 9: Second Reading of the 2025 Budget

General Fund Overview

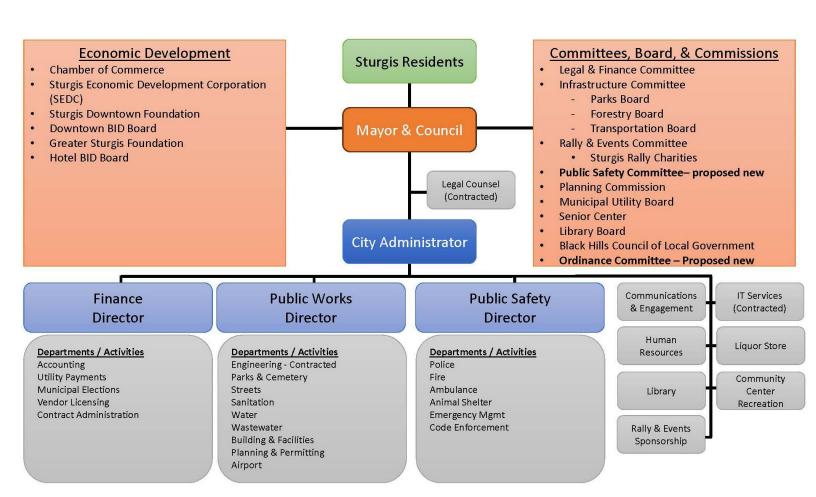

The General Fund is the primary operating fund of the City and provides for public safety, public works, and parks, recreation, and more, which contributes to Sturgis' high quality of life, strong neighborhoods, and safe and welcoming community.

The table below demonstrates a balanced General Fund budget as revenues and transfers in are equal to expenses and transfers out. A balanced General Fund budget demonstrates that on-going expenses are financed through on-going revenues. The 2025 Budget outlines a sustainable financial plan.

Organizational Chart

The city's organizational chart looks a bit different this year. New departments have been added under Public Works and the Public Safety Director. A City Administrator will be hired to oversee operations.

Ordinance 2024-xx Annual Appropriation Ordinance for the Year 2025

Be it ordained by the Common Council of the City of Sturgis, Meade County, South Dakota, that the following amounts are hereby appropriated to meet the obligations of the Municipality for the Year 2025

City of Sturgis Human Resources # 4143

A full-time Human Resources position is essential for managing the City of Sturgis's large workforce and is fully funded in this budget. Additionally, with City Council approval, a comprehensive wage and compensation study will be conducted to identify and address gaps and omissions in the current package. The study is scheduled for completion before the 2026 union and budget discussions, ensuring its findings can inform these critical negotiations.

City of Sturgis

Airport # 4350

This budget has been adjusted primarily in the supplies line item to reflect known fuel inventory sales. Since fuel sales generate revenue, adjustments to the budget allocation may be made if fuel sales significantly exceed historical sales levels. This approach prioritizes a conservative, realistic budgeting model based on actual performance ("what is or has been"), rather than speculative projections ("what if"), which could unnecessarily allocate funds. These adjustments are part of the city's broader effort to balance the General Fund while maintaining fiscal responsibility.

City of Sturgis

Animal Shelter # 4212

In recent years, the shelter has expanded its operations and funding through a successful contract with the City of Summerset. This partnership has proven effective and has sparked discussions with Meade County about establishing a similar agreement. If ratified by the respective governing boards, this agreement would build on previous relationships and further address funding needs. The 2025 budget, as presented by department leadership, includes the use of \$20,000 from donated funds held in the city's general fund to support veterinary bills. This allocation ensures the shelter can continue providing essential services to the community's animals.

City of Sturgis Legal # 4141

The 2025 legal budget does not include funding for in-house staff, instead utilizing a combination of contracts to provide legal services to the city. A contracted legal firm will manage the city's primary legal needs, while a third-party contractor will oversee the rewriting of all city ordinances. The ordinance update is required following the April 2024 election, which removed the City Manager position and restructured the chain of command in Sturgis municipal government. These adjustments have resulted in a \$130,000 reduction in the legal services budget compared to the 2024 allocation, reflecting a more cost-effective approach to meeting the city's legal obligations.

City of Sturgis Auditorium # 4560

This heavily utilized community asset will be maintained at a minimal investment level, focusing only on basic maintenance and emergency repairs. Long-term plans for the facility include sanding and refinishing the floor, upgrading energy-inefficient single-pane windows, and addressing issues with the service elevator to ensure continued functionality and efficiency.

Buildings # 4192

This budget has been increased to account for utility expenses that were previously included in other departmental budgets. For 2025, projects are limited to essential needs to help balance the overall budget. Long-term planning will be necessary to address significant future projects, including replacing multiple roofs on city-owned buildings and upgrading dehumidification equipment at the Community Center.

Established only a few years ago, this department currently oversees a limited number of city-owned facilities. In 2025, discussions will focus on the

potential expansion of the department's responsibilities to include more—or all—city facilities under its management.

City of Sturgis Cemetery # 4370

The budget has been reduced by extending the timelines for equipment replacement, allowing for cost savings in the short term. In 2025, the addition of a scatter garden will provide residents with more options for end-of-life services, aligning with their wishes. This addition is expected to enhance the facility's sustainability, potentially extending its years of service.

tending	its years of service.

City of Sturgis

City Administrator # 4144

The 2024 budget included a half-time staff member who also supported Planning & Permitting. For 2025, this individual has been reassigned to Public Works to fill the staffing gap created by the appointment of the Finance Officer in 2024. Additionally, the Communication Director position will now be split, with half of the role dedicated to supporting the City Administrator and the other half supporting the Mayor & Council. The primary goals for the City Administrator in 2025 include strengthening the city's financial position, revising the city policy manual, and developing clear, defined processes for all departmental operations, which will be made publicly available.

Budget adjustments for 2025 include the elimination of exercise equipment service contracts, which will now be managed by Building Maintenance staff. Additionally, the department head plans to reduce part-time lifeguard staffing during daytime hours when pool usage is at its lowest, achieving cost savings without increasing liability. The facility's roof requires replacement, as it was previously subject to an insurance claim that has yet to be addressed. Furthermore, the dehumidification equipment in the pool area is failing and will require either repair or replacement to maintain proper functionality.

Custodial # 4193

There have been minimal adjustments to this budget compared to the 2024 allocation, with the primary change being the removal of an unfilled fourth position, leading to a reduction in staffing costs. Additionally, increased supply costs are reflected in the relevant line item, reflecting the rising expenses for custodial materials.

Engineering #4194
The transition to a fully contracted engineering model enables access to specialized expertise tailored to the specific types of services required. This shift has streamlined operations and resulted in the reduction of one full-time equivalent (FTE) position, optimizing both efficiency and budget allocation.

Finance # 4142

The reassignment of a team member from the Rally & Events Department to Finance duties leverages existing skills and experience within the city's workforce. This strategic move enhances the department's capacity and strengthens its ability to manage municipal finance operations and election-related tasks effectively. The integration complements the current staff, creating a more robust and capable Finance Office.

City of Sturgis

Fire Department # 4229

Funding adjustments for the Fire Department include extending equipment testing to its required service limits and implementing a more scheduled approach to the replacement of bunker gear. Training costs have been reduced by adopting a "train the trainer" model and increasing in-house training opportunities, allowing for more efficient use of resources.

Information Technology # 4145
The city will maintain its partnership with a third-party contractor for IT services while actively seeking opportunities for cost savings. Key priorities include enhancing staff IT support, maximizing the use of existing software packages, evaluating internet service expenses and usage, and developing plans to address hardware and software updates as they approach the end of their service life.

Collaborations with the Library Director and Library Board have resulted in budget adjustments that achieve operational savings while continuing to support key programs and staffing needs. The inclusion of part-time staff in the budget ensures the ability to maintain a similar level of services, with a particular focus on sustaining the popular summer reading programs.

Mayor & Council

#4111

Key adjustments to the Mayor & Council budget include moving away from contractually specified giving and reducing communications support staffing. While the City Council remains committed to supporting mayor and council giving recipients, annual contributions will now vary based on the city's financial capacity. In 2025, a critical priority will be addressing policies related to the growth or utilization of the Sturgis Rally Endowment.

Cost-saving measures have been implemented for the Sturgis Information Page (SIP), which will continue monthly publication with reduced printing and postal delivery expenses. Communications staff responsibilities have been evenly distributed between the Mayor & Council and the City Administrator,

ensuring consistent support for city operations while covering reassigned City Administrator staff now working with the Public Works Office.

The budget also includes a \$160,000 transfer to the enterprise ambulance fund, along with city-provided administrative services to support EMS operations. Additionally, a contingency fund of \$95,000 has been allocated, though limited, to address unanticipated expenditures.

Mission: The mission of the Parks Department is to provide outdoor recreational opportunities for the residents of Sturgis and visitors to our community. This includes providing land, recreational equipment and facilities that are clean and safe for people of various ages, abilities and interests.

City of Sturgis

Planning and Permitting # 4196

The reallocation of staff has reduced this budget by transitioning a half-time employee out of this department. To minimize the impact of this change, the Planning & Permitting office will be relocated to the main floor of City Hall. This strategic move will enhance accessibility and allow existing personnel in the Finance Office to assist with public interactions, ensuring continuity of service without additional staffing needs.

Budget adjustments for the Police Department include not replacing one patrol vehicle and reducing several small equipment and supply line items. Additionally, the deer depredation program has not been funded for 2025. Training expenses have been reduced by cooperating with other regional law enforcement agencies and implementing a "train the trainer" model. These adjustments are not sustainable in the long term and will require further consideration in future budget cycles.

Mission: It is the mission of the Sturgis Police Department to provide the citizens of Sturgis and its guests with the highest level of law enforcement services. This will be accor with an unmatched level of honesty, integrity, and respect. Through education, partnerships with the community, and enforcement, the police department will work to reduce c build relationships with the community.

Rally & Events -Sponsorship Budget Summary

This budget has undergone significant adjustments with the goals of reducing expenses, enhancing community events, increasing revenue, and strengthening partnerships. In recent years, revenue has not consistently outpaced the rising costs of department operations, prompting a strategic redirection and refinement of efforts. As part of this, substantial staffing reductions have been implemented, including the elimination of three FTE positions: one vacant position that will not be filled, one position eliminated with the option for the staff member to apply for other city openings, and one position transferred to another department. While these changes are substantial, they are designed to streamline operations while ensuring continued support for key community events.

The city will not be continuing with the Camaro Rally efforts in 2025 but will instead work to facilitate the event through another organization. Additionally, the city will solely manage the Veteran Appreciation event during the Rally, reinforcing its commitment to honoring local veterans.

To maximize available resources, the city will leverage existing partnerships and negotiate new services. The Sturgis Chamber of Commerce has agreed to host the eight Music on Mainevents, along with four additional events after the Rally. This will reduce event costs and significantly extend the event window immediately following the Rally. Rally-specific events will be contracted to an external event contractor, with the goal of reducing costs, enhancing the event experience, and generating additional sponsorship opportunities. These adjustments have resulted in a reduction of over \$680,000 in the combined Rally & Events -Sponsorship budget for 2025, while maintaining the city's commitment to delivering high-quality events.

Fees associated with programs are a primary source of funding for this budget. As a result, no significant adjustments have been made for 2025, as program revenues continue to satisfactorily support operational needs.

	venues continue to satisfactorily support operational needs.		Budgeted 2025	Actual YE 2023	Budgeted 2023	Actual YE 2022	Budgeted 2022

City of Sturgis Street Lighting # 4316

This budget reflects the annual costs associated with utilities and maintenance for street lighting throughout the community. It covers energy expenses, routine maintenance, and repairs needed to ensure the proper functioning of streetlights across the city. The budget also accounts for any necessary upgrades or replacements to aging infrastructure, ensuring the continued safety and accessibility of public spaces during nighttime hours.

Streets # 4311

The 2025 budget adjustments are primarily focused on specific projects, with some modifications made to supply costs. Certain projects, as identified in the Capital Improvement Plan, have been delayed to align with available funding. These adjustments, however, are not sustainable over the long term, as they may not fully account for future maintenance and infrastructure needs. Once revenue reconciliation is completed, the City Council may consider additional budget supplementation to address these deferred projects and ensure the continued effectiveness of street maintenance, repair, and improvement efforts.

#211 - Sales Tax

The BBB funds for 2025 have been allocated to support utilities at the Rally Point Facility, as well as to fund the Sturgis Economic Development Corporation (SEDC) and the Sturgis Chamber of Commerce at one-third of their 2024 funding levels. Both organizations will take on additional duties aligned with their specific missions. The SEDC will assist in developing processes and best practices related to development, as well as support data collection and presentation for updating the city's comprehensive plan. The Chamber will take on a larger role in organizing community events, which were previously supported by city staff. Additionally, a \$269,000 transfer from this revenue source to the General Fund will support the Sturgis Community Center.

#212 - Capital Improvements

With the exception of projects already under construction, the city will pause the implementation of the Capital Improvement Plan (CIP) as previously approved by the City Council. This adjustment is expected to be temporary as the city works to reconcile revenues, as outlined in the annual audit. Unlike multiple previous years, there is no transfer to the General Fund included in this year's budget. Getting back in alignment with the previously adopted CIP is crucial to ensuring that city infrastructure is replaced before it reaches the point of complete failure. Future considerations will need to address the South Dakota Department of Transportation (SD DOT) work at I-90 Exit 30 and LazelleStreet, as well as the recommendations resulting from the Junction Avenue Corridor Study.

#213 - Downtown BID

The 2025 BID 123 budget is now a pass-through budget, containing only the funds collected through special tax assessments placed on businesses within the Business Improvement District. These funds will be passed directly to the BID Board for use in promoting activities within the district. In previous years, this budget also included sales tax funding, which was expended through an unclear approval process between the BID Board and the City Events Department. Going forward, sales tax revenue will be allocated to the General Fund, where it will support specific departmental needs. This change aims to enhance accountability by clearly aligning expenditures with the relevant departments.

#219 - Equipment Replacement Fund

This budget is funded by ordinance through the allocation of 10% of the second penny of sales tax. The ongoing reconciliation of city revenues has impacted confidence in the fund's balance, and as such, only known expenses are currently allocated. The sole expenditure included at this time is the lease payment for a motor grader, leaving an allocated budget balance of \$192,000. The city's aging equipment fleet presents an increasing need for strategic replacement, and once the reconciliation process is complete, the Infrastructure Committee will focus on refining a long-term equipment replacement strategy. This plan will begin to be implemented once the revenue balances are confirmed.

City of Sturgis
Liquor Store #601-4990
The Liquor Store operates as an enterprise fund, functioning as a separate business where profits are transferred to the city's General Fund to support various community initiatives. For 2025, it is projected that the Liquor Store will transfer \$230,000 to the General Fund, while retaining \$61,000 for the repair and replacement of building and equipment-related items.

	Reserves / Cash on Hand / Savings	61017		(132,456)	-	(18,994)	-
	Neserves / Gasii Oli Hallu / Savillys	01017		(132,436)		(10,334)	

These separate enterprise funds have seen significant transfers to the General Fund over many consecutive years, depleting much of the reserves in each fund. For 2025, transfers to the General Fund have been eliminated, allowing these funds to replenish the reserves needed to support city-provided utilities. Reasonable administrative charges for the use of city resources outside of the enterprise funds will continue, but at a reduced rate compared to previous years. The budget also includes rate increases of 3% for residential accounts and 5% for commercial accounts.

Ambulance Budget Summary

EMS is an enterprise fund that has faced challenges in recent years sustaining itself as a separate entity. To ensure the continuity of this vital service, the city has made cash transfers from the General Fund to the Ambulance Fund. For 2025, there will be a \$160,000 transfer from the General Fund, and the city will continue to waive administrative fees for general fund resources billed to other enterprise funds.

In collaboration with Ambulance leadership, work schedule adjustments have significantly reduced overtime, and changes in the sourcing and utilization of supplies have contributed to additional savings. Department staff have also planned process adjustments to billing and collections, which are expected to improve revenue generation. Additionally, renegotiating the existing contract with Meade County Jail presents an opportunity to increase revenue by having on-duty staff perform blood draws, a service the county previously contracted out. Contracts with Lawrence County and Monument Health are also due for renegotiation and are anticipated to contribute to Ambulance revenue later in 2025 and beyond.

This budget also includes funding for uniforms and training, which have not been covered in recent years. Training expenses will be managed through a "train the trainer" model and other in-state resources. While it is unfortunate that some outside donations are necessary to balance the budget, both EMS and Public Safety staff remain committed to working together to ensure efficient ambulance operations. While the goal is that no one will need EMS services, everyone depends on the ambulance to be available when and where needed. The city remains dedicated to maintaining this essential service.
